

KRUTHIKA B REDDY

Bangalore, India | 8073084634 | kruthikabreddy8073@gmail.com | <https://www.linkedin.com/in/kruthika-b-reddy-993165367/> | <https://github.com/kruthikabreddy8073-rgb>

Computer Science (Data Science) undergraduate (CGPA: 9.2/10) with a strong foundation in Python, C, C++, Java, and SQL. Passionate about software engineering, data analytics, and AI-driven solutions, with hands-on experience developing web applications and computer vision projects. Eager to apply technical skills, solve real-world problems, and contribute to innovative software development as an intern.

EDUCATION

New Horizon College of Engineering

Bengaluru, India

B.E. Computer Science (Data Science) | CGPA: 9.2/10 | 2024 – 2028

TECHNICAL SKILLS

Languages: Python, C, C++, Java, SQL

Frameworks & Libraries: TensorFlow/Keras, OpenCV, MediaPipe, Tkinter, gTTS

AI / ML: Prompt Engineering, LLM API Integration, Computer Vision, Deep Learning

Developer Tools: Git, GitHub, Jupyter Notebook, VS Code

Core CS: Data Structures, Algorithms, OOP, Operating Systems, Computer Networks, DBMS

PROJECTS

Internship Website | Internship Management Portal (Year)

HTML • CSS • JavaScript • [MySQL/PHP]

- Designed and developed a responsive internship management website to help students explore internship opportunities.
- Built an intuitive interface for browsing internship listings and accessing detailed information.
- Implemented responsive web design to ensure a seamless experience across desktop and mobile devices.
- Focused on improving usability through organized navigation and a clean, user-friendly interface.

Two-Way Indian Sign Language Translator

Python • OpenCV • MediaPipe • TensorFlow/Keras • Deep Learning • Image Processing • Tkinter • gTTS

- Built a real-time computer vision pipeline using OpenCV and MediaPipe to extract hand landmarks, then trained a TensorFlow/Keras model to classify 30+ ISL gestures.
- Created a bidirectional accessibility system that converts live hand gestures to text and speech output, and typed text to sign visuals, for the Deaf and Mute community.
- Developed a Tkinter GUI with gTTS speech synthesis, delivering a cross-platform assistive application with real-time image processing and inference.

CERTIFICATES

CERTIFICATIONS

- NPTEL – Joy of Computing Using Python
- Scaler – Database Management Systems (DBMS)
- Udemy – Python Programming Course

ACHIEVEMENTS

- Participated in Smart India Hackathon 2025 (Internal Round), contributing to a solution for the Intelligent Pesticide Sprinkling System problem statement.

EXTRACIRRCULAR ACTIVITIES

- Black Belt in Karate** – Demonstrated discipline, perseverance, focus, and commitment through years of martial arts training.
